4. Quality work delivered in **Digital Media Marketing, Real-Estate, Travel, Social Media, Automobile** domains by developing **multi-tenant** Apps
5. QA & UAT Management, B2B Integrations, Offshore Development Operations, L2 Support

Projects

#1 System Planner: Digital Media Marketing, MediaCom, Largest media agency

Description: System planner is planning web app built for Sales team to decide marketing strategy, lead generation, choosing target audience for branding, setting up the campaign budget and simulating the campaign output. This app is reach in UI/UX, allows user to export presentation(.pptx).

#2 Kenobi: Legacy app migration to cloud (using Micro-service Architecture)

Description: Kenobi is set of REST API services for travel products like Hotels, Flights, Cars on cloud using micro-service architecture & CI-CD on cloud. Using these REST API services, customer can implement their customized UI for travel application. This application has divided in modules like reporting, orders management and trips management with graphical UI.

#3 Digital Sales Assistant (DSA) & Online Lot Allotment (OLA)

Description: DSA engages buyers into complete sales presentation: Builder story, Community presentation in texts, pictures and videos, Current homeowner's testimonials Floor plans, elevation renderings and interior model presentation.

The Interactive site plan provides the current lot availability, Lot views and premiums as well as which homes are offered on specific lots. The Neighborhood map offers an outlook into the points of interest around the community and can be updated at any time via the DSA's Content management tool.

#4 BookAirFair.com/travelNxt.com

Description: A responsive website for mobile to search & book flight, hotel. We have added client specific customization & theming capabilities and entire application built using REST Api, JQ, MVC5, CSS3, Web Components (PolymerJs).

#5 www.FoBB.Me

Description: FoBB.Me is an app to find and make new friends and business buddies, to stay in touch with your friends, share your ideas. It is an app that provides a user-friendly social media environment to promote and share, allows you to generate and post classified ads for multiple programs from any device.

#6 Email Distribution Systems (EDS)

Description: A system which send huge no. of emails at a time on behalf of dealer to customers. The systems need to process and refine flat file to populate all data in database. Then our system makes CSV with receiver's email id for each dealer. All emails are delivered through 3rd party tool. After that reporting is done.

#7 BMW/Mini eTraction Phase II

Description: A system for BMW/MINI dealers to maintain customer relationship by sending campaigns and offers via email, phone calls and text messages on behalf of dealers.

#8 Mobile Touch

Description: A web application for scheduling servicing appointments, sending reminders to customers on behalf of dealers. We have also allowed all dealer users to send SMS among themselves.

#9 DPS Chat

Description: A chat application for all dealers to do instant chatting among their users of different stores through Hub. System is implemented using SignalR technology.

#9 Task Management System (TMS) and Helpdesk

Description: TMS System is 3-tier web-based application, has been designed to manage team and projects of company. Helpdesk is basically knowledge base System which troubleshoots problems with system software and maintains the control path of issues when it is solved.

Cloud Work Experience (3.5 + Years)

1. Microsoft Azure

I have developed application using Azure Storage, Cloud & mobile Services, Service bus, Virtual Machines, SQL Azure, Redis Caching and Functions.

2. Amazon Web Services (AWS)

I am exploring AWS DynamoDB, EC2, S3, RDS, Elastic Beanstalk, aerospike services

Technical Exposure

Area of Expertise	Other	Learning Stack	Tools
1. Asp.Net MVC	1. React Js	1. Asp.Net Core	1. VS2017
2. C# 6.0	2. Redux	2. AngularJs	2. GitHub
3. Azure DevOps	3. Azure Services, Storage	3. Apache Cordova	3. SQL Server
4. PowerBI	4. Azure Functions	4. Ionic Framework	4. Svn
5. SQL	5. DynamoDB	5. Web Component- Polymer JS	5. Azure DevOps
6. REST API	6. Design Pattern	6. Test Automation	6. Jenkins
7. LINQ	7. SOA, SDLC	7. RabbitMq	7. JIRA
8. Entity Framework	8. Actor Model	8. Micro Service	8. Confluence
9. TDD, Xunit	9. Code Coverage	Architecture	9. Kibana
10. Bootstrap	10. SignalR chat app	9. Redis Caching	10. Kendo & Telerik
11. JavaScript	11. SonarQube		11. Cloudberry
12. jQuery	12. DI, IOC, Repository Pattern		12. Corticon
13. HTML5, CSS3			
14. SOLID Principles			
15. Task Parallel Lib			
16. Agile: Scrum, Kanban			

BE Project #1: 'HL7 v2.0 Message Exchange' - Sponsored by Persistent Systems

Tools & Technologies: Eclipse, MySQL, Apache ant, Java, XML, XSLT

Description: Single interface for communication between 'n' institutions for researchers & data exchange to enhance research.

Certifications

1. 70-532: Developing Microsoft Azure Solutions
2. 70-533: Implementing Microsoft Azure Infrastructure Solutions
3. 70-486: Developing ASP.NET MVC Web Applications
4. 70-483: Programming in C# - Microsoft
5. 70-535: Architecting Microsoft Azure Solutions
6. 70-487: Developing Microsoft Azure and Web Services
7. 70-480: Programming in HTML5 with JavaScript and CSS3

Educational Qualification

Collage: KKWIEER COE, Pune University, India.

BE aggregate: (3614 out of 5800) = **63.30%**

Exam	University	Year of Passing	Percent
BE	Pune	2012	70.00%
H.S.C	Pune	2008	72.35%
S.S.C	Pune	2006	79.50%

Professional and Personal Skills

Professional Skills

Good team player, Good communicator, Logical analyzer, Quick learner, Team Building & Leadership

Personal Skills

Self-Motivated, Highly flexible, Adaptive nature, Creative & confident individual

Personal Information

Date of Birth: 25/02/1991

Present Address: 802, Hill Ridge Gachibowli Hyderabad, Telangana-500032

Permanent Address: 12, 'Kulswamini' Om Nagar, Jail Road, Nashik-422101

Passport No: K1931244

PAN No: AVKPA3066B

Declaration

I hereby declare that the above written are true to the best of my knowledge.
